FARCEFUL GATHER
A POLICE ACTION TO PROTECT THE 'CORPSE' OF THE PROTEST

Police have staged a mock funeral for a 'protestor' in the streets of London. The scene, which took place in the early hours of Saturday morning, has sparked outrage among organizers and activists. The event was organized by the anti-capitalist group 'Reclaim the Streets' and was intended to protest against police brutality and police protection of the rich and powerful.

LEADER OF BLACK FACING COURT

The leader of a Black group is facing charges of conspiracy to commit a terrorist act. The group has been involved in protests and demonstrations against police brutality and systemic racism. The leader is said to have called for a large-scale action to disrupt the city. The police have launched a wide-ranging investigation, but the group remains committed to their cause.

MORE ON DECOT DUCKS

The recent article on the decot ducks has sparked a debate about the aesthetics of public art. While the ducks are seen by some as an attractive addition to the cityscape, others argue that they are a distraction and a waste of public funds. The city has commissioned a report to assess the impact of the ducks on the local economy and the environment.

EDGILTON MINERS EFFORT

The miners in Edgilton are facing difficult times as they battle against the closure of their mine. The struggle for their livelihoods and the preservation of their community continues. Their story is a testament to the resilience and determination of workers facing adversity.

THATCHER ENJOYS NEWCASTLE

From the BBC coverage of Margaret Thatcher's visit to Newcastle, it's clear that the UK government is determined to push through its austerity policies. The prime minister has said that the cuts are necessary to ensure a strong economy. However, there is growing concern about the impact of the policies on vulnerable communities and the environment.

HOME NEWS

The police in London have been called to a disturbance at a local pub in the early hours of Friday morning. Officers were reported to have arrested several people after a violent altercation broke out. The incident is under investigation, and the police are urging witnesses to come forward.

The local council has approved plans for a new £250m housing development in the area. The development will provide much-needed housing for the community and is expected to create over 1,000 new jobs. The developers have promised to work closely with local organizations to ensure that the project meets the needs of the community.

The National Health Service has announced plans to expand its services in the area. The hospital has already started work on a new wing to accommodate the increased demand. The service is expected to provide better access to healthcare and improve the quality of care for local residents.
I intend to try. 

Thoughts on International Solidarity

Dear Friend,

We are writing in response to your recent letter about the situation in Saragossa, where the International Brigades, consisting of over 10,000 volunteers from around the world, were fighting against the Nationalist forces led by General Franco. The Spanish Civil War, which lasted from 1936 to 1939, was a brutal conflict that claimed the lives of over 200,000 people.

The International Brigades were a significant part of the struggle, bringing together volunteers from various countries to support the Republican cause. Despite facing overwhelming odds, the volunteers showed great bravery and courage. 

I hope this letter finds you well. Please keep us informed of any developments.

Yours sincerely,

PRISONERS RIGHTS

1.erventional groups are now working to support the International Brigade veterans who are still suffering the effects of the war. Many of these veterans have faced years of imprisonment and torture, and are in need of assistance and support.

2. The right to have legal representation is important for anyone arrested or imprisoned. 

3. The right to the protection of human rights is universal and should be respected by all governments.

Dear Friends,

We are writing to you to express our solidarity with those still suffering the effects of the Spanish Civil War. The war was a brutal conflict that claimed the lives of over 200,000 people, and the International Brigades played a significant role in the struggle.

We want to support the efforts of those working to help the veterans who are still suffering the effects of the war. Many of these veterans have faced years of imprisonment and torture, and are in need of assistance and support.

Yours sincerely,

Letters from Imprisoned Miners

Dear Friend,

I am writing to express my solidarity with those who are currently imprisoned for their work in the mining industry. The mining industry is a vital sector in many countries, and workers in this sector often face a range of challenges.

BOYcott COCA COLA

Boycott Coca Cola because it runs a secret chain of restaurants in your town and you still don't know about it. Apart from being unhealthy, this company is also suspected of supporting the World Trade Organization (WTO).

FRANCE: FRENCH PRISON RIOTS

As reported to BLACK FLAG No. 134, 7000 prisoners, including anarchists, were released from the prison of Toulon, which had been declared a "secure" prison. This was the result of a general strike, which closed the prison for three weeks. The strike was organized by the French prison trade union, the CFDT.

STATE ROSS ANARCHISTS

The International Defense of the World's Populations was held in Germany last year. The defense was organized by the International Defense Committee, which represents the International Council of Resistance (ICR) and the International Federation of Liberty (IFL).

'Soil' Interview

Scholarly/llustrated, the paper produced by the Regional Movement of the CNT and the Anarchist minority of the IAF. It contains articles by leading figures of the anarcho-syndicalist movement, including the Spanish anarchist Francisco Ferrer. The paper has been published since 1911, and is a valuable source of information on the history of the movement.

ANARCHIST BLACK CROSS

We're being asked by the Animal Liberation Front to continue the tradition of protest and direct action in the form of a black cross. We believe that the black cross is a symbol of solidarity with all those who suffer under the rule of capitalism and imperialism.

REVIEWS

The latest issue of BLACK FLAG, No. 134, is now available. It features articles on the history of the anarcho-syndicalist movement, the role of trade unions in the struggle for freedom, and the need for a new revolutionary strategy in the face of the growing threat of fascism.

We provide only four copies of this paper: one in our office, one in the city of London, one in Paris, and one in Berlin.
FEEDBACK

STOP BUSINESS AS USUAL

One person from Newcastle (Newcastle?) is acting as a thorn in the flesh of people involved in business as usual. He is interfering with paperwork, finding leaks, etc.

But, Newcastle can be improved by someone who will start a campaign against business as usual. Someone who will fight to improve the conditions of workers, the environment, etc. Such a campaign could be started by the Newcastle Business Assn or similar organization.

NEW KINGCROSS TAKE-AWAY

Has anyone heard of the new Kingcross Take-away? If you have, why don't you let me know? I'm interested in finding out more about it. Perhaps it could become a focal point for local people?
