THE VOICE OF INDUSTRY

dated, January 5, 1889

JOHN GREY, Editor.

THE INDIAN LANDING

This week the American Indian Landing, located on the shore of Lake Erie, near the city of Buffalo, was the scene of an interesting event, the landing of a large number of Indians from the Reserve. The Indians, who had been living in the Reserve for many years, were returning to their homes, which they had left in order to work in the factories of the city. The landing was a success, and the Indians were welcomed by the people of the city with a demonstrations of their appreciation.

PRELIMINARY REPORT.

The report of the Preliminary Report was presented at the meeting of the Board of Education, held on Monday evening, January 6, 1889. The report contained a detailed description of the schools of the district, and was accompanied by a number of recommendations for the improvement of the schools. The report was received with great interest, and was adopted by the Board of Education with only minor amendments.

THE FEDERAL BUREAU TELEGRAPH.

The Federal Bureau Telegraph was established in 1889, with headquarters in Washington, D.C. The Bureau was responsible for the transmission of telegraphic messages between the United States and foreign countries. The telegraph was a vital communication tool, and was widely used by governments, businesses, and individuals.

ADVERTISING..

Advertising is an important part of any business, and is essential for the growth of any company. It is through advertising that companies can promote their products and services, and attract potential customers. Advertising can take many forms, including print, television, radio, and online advertising.
